

St. Ann's Episcopal Church

GIFT TO THE PRESERVATION ENDOWMENT

The cornerstone of St. Ann's was laid on August 22, 1887, and the church has been in continuous operation since that time. Extensive restoration work was performed for the first time during the winter of 2005-06. However, winters are rugged on the seacoast, and significant maintenance and repair work is required each year. To preserve St. Ann's physical assets, the Vestry established the Preservation Endowment to ensure that funds would always be available for capital expenditures (generally items with a useful life of at least 5 years). Gifts to the Preservation Endowment will be restricted for this purpose and, except in unusual circumstances such as hurricane or severe storm, no more than 5% of the 3-year average year-end value will be spent for the preservation and enhancement of the physical assets.

Your gift to the Preservation Endowment will ensure that this work is performed and will protect the nearly \$2 million investment made in restoring this picturesque landmark. Outright gifts of cash or securities, as well as bequests and other planned gifts are greatly appreciated as we build this endowment. Please contact our Administrator, Lisa Bither, at 207-985-4799 or lisa.bither@yahoo.com if you have questions.

To make a contribution, please complete this form and return it to the Chapel Administrator.
